INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory.**

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities

PERFORMANCE LEVELS	PERFORMANCE TESTS		
	Lending Test*	**Investment Test**	**Service Test**
Outstanding			
High Satisfactory	X	X	X
Low Satisfactory			
Needs to Improve			
Substantial Noncompliance			
* *The Lending Test is weighted more heavily than the Investment and Service Tests when arriving at an overall rating.*			

The Lending Test is rated High Satisfactory.

- Lending levels reflect excellent responsiveness to credit needs of the assessment areas.
- The institution originated a high percentage of loans inside the institution's assessment areas.
- The geographic distribution of loans reflects good penetration throughout the assessment areas.
- The distribution of borrowers reflects, given the product lines offered by the institution, good penetration among retail customers of different income levels and business and farm customers of different sizes.
- The bank exhibits a good responsiveness of serving the credit needs of the most economically disadvantaged areas of its assessment areas, low-income individuals, and/or very small businesses and farms, consistent with safe and sound banking practices.
- The institution made an excellent level of community development loans.
- The institution uses innovative and flexible lending practices in order to serve assessment area credit needs.

The Investment Test is rated High Satisfactory.

- The institution has a significant level of qualified community development investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors.

- The bank exhibits good responsiveness to credit and community development needs.
- The institution rarely uses innovative and/or complex investments to support community development initiatives.

The Service Test is rated <u>High Satisfactory</u>.

- Delivery systems prove accessible to essentially all portions of the bank's assessment areas.
- To the extent changes have been made, the institution's opening and closing of branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and/or to low- or moderate-income individuals.
- Services (including where appropriate, business hours) do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies or individuals.
- The institution is a leader in providing community development services.

DESCRIPTION OF INSTITUTION

Headquartered in Indianola, Mississippi, Planters Bank & Trust Company (PBTC) operates in 11 counties or parishes in the States of Louisiana, Mississippi, and Tennessee. Planters Holding Company, a one-bank holding company, also located in Indianola, wholly owns the bank. PBTC does not operate any affiliates or subsidiaries relevant to this evaluation. The institution received a Satisfactory rating at its previous FDIC Performance Evaluation dated December 21, 2021, based on Interagency Intermediate Small Institution CRA Examination Procedures.

PBTC is a full-service community bank operating from 21 full-service offices and 2 loan production offices (LPO) throughout the southeastern portion of Louisiana, northwestern Mississippi, and the southwestern corner of Tennessee. On January 3, 2022, the bank opened a LPO in New Orleans, Louisiana; later converted to a full-service branch on August 1, 2023. Additionally, the bank opened a LPO located in Hammond, Louisiana on December 19, 2022. PBTC submitted a merger application to acquire Cross Keys Bank in Saint Joseph, Louisiana on March 13, 2025, which if approved, will increase its branch locations by eight in Louisiana and expand retail operations into the State of Texas with one branch.
PBTC continues to be designated as a Community Development Financial Institution (CDFI). A certified CDFI represents a specialized financial institution that works in underserved markets. CDFIs typically provide a unique range of financial products and services in economically distressed target markets. A CDFI certification is a designation conferred by the CDFI Fund and is a requirement for accessing financial and technical award assistance from the CDFI Fund through the CDFI Program.

The bank offers a variety of loan products, including commercial, residential, agricultural, and consumer loans, primarily focusing on commercial and residential lending. PBTC's various deposit offerings consist of checking, savings, and certificates of deposits. Alternative delivery systems include ATMs, interactive teller machines (ITMs), online banking, bill pay, mobile banking with mobile deposit, telephone banking, online account opening as well as translation and interpretative services. Other products and services offered are treasury management for commercial customers as well as consumer and commercial purpose credit cards.

According to the Consolidated Reports of Condition and Income as of December 31, 2024, the bank reported total assets of $2.0 billion, total loans of $1.3 billion, total securities of $557.1 million, and total deposits of $1.7 billion. Since the previous evaluation, total assets, total loans, and total deposits reflected increases of 50.6 percent, 121.6 percent, and 43.2 percent, respectively. Total securities reflected a decrease of 4.1 percent. As reflected in the following table, commercial loans represent the largest loan category, followed by home mortgage loans.

Loan Portfolio Distribution as of 12/31/2024		
Loan Category	**$(000s)**	**%**
Construction, Land Development, and Other Land Loans	99,325	7.9
Secured by Farmland	46,328	3.6
Secured by 1-4 Family Residential Properties	274,437	21.7
Secured by Multifamily (5 or more) Residential Properties	118,267	9.3
Secured by Nonfarm Nonresidential Properties	501,611	39.7
Total Real Estate Loans	**1,039,968**	**82.2**
Commercial and Industrial Loans	135,294	10.7

Examiners did not identify any financial, legal, or other impediments that affect the institution's ability to meet its assessment areas' credit needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which its CRA performance will be evaluated. PBTC designated three assessment areas: the Memphis, Tennessee-Mississippi-Arkansas Multistate Metropolitan Statistical Area Assessment Area (Memphis MSA AA); the New Orleans-Metairie MSA (New Orleans MSA AA); and the Mississippi Nonmetropolitan Statistical Area (MS Non-MSA AA). Since the prior evaluation, the bank opened a branch in Louisiana which resulted in the addition of a new assessment area located in a new rated area. Additionally, minor changes to census tract boundaries within the assessment areas occurred due to the 2020 U.S. Census data.

The following table provides additional details regarding the composition of each rated and assessment area. Refer to the individual assessment areas sections within each rated area for additional details.

Description of Rated Areas and Assessment Areas			
Rated/Assessment Area	**Counties/Parishes in Assessment Area**	**# of Census Tracts**	**# of Branches**
Memphis Multistate MSA

SCOPE OF EVALUATION

General Information

Examiners used the Interagency Large Institution CRA Examination Procedures to evaluate the bank's performance since the previous evaluation dated December 21, 2021, to the current evaluation dated April 21, 2025. The procedures consist of the Lending, Investment, and Service tests. The appendices list the applicable tests' criteria. Examiners use the tests to determine the bank's overall rating, as well as its ratings in the rated areas for the Memphis Multistate MSA, Louisiana, and Mississippi. Banks must achieve at least a Low Satisfactory rating under the Lending Test to obtain an overall Satisfactory rating. Refer to each rated area section for information regarding which assessment areas received full-scope reviews.

The following table shows most of the bank's lending, deposit, and branch activity is in Mississippi, contributing to Mississippi receiving the most weighting, followed by the Memphis Multistate MSA receiving the second most weighting, and Louisiana receiving the third most weight.

Rated Area and Assessment Area Breakdown of Loans, Deposits, and Branches						
Rated Area/Assessment Area	**Loans**		**Deposits**		**Branches**	
	$(000s)	**%**	**$(000s)**	**%**	**#**	**%**

Activities Reviewed

For the Lending Test, CRA Large Institution procedures require examiners to consider a bank's reported home mortgage, small business, and small farm loans, as well as all reported community development loans originated, since the previous evaluation. Consequently, major loan products are determined based on total loan originations and purchases reported according to the Home Mortgage Disclosure Act (HMDA) or CRA data collection reporting requirements for completed calendar years since the prior evaluation, detailed below. Therefore, the major loan products are home mortgage, small business, and small farm loans for the overall bank.

Home Mortgage Loans (Total loans reported inside and outside of the assessment areas)

- 2022: 552 loans totaling $93,899,000
- 2023: 477 loans totaling $78,190,000
- 2024: 407 loans totaling $51,764,000

Small Business Loans (Total loans reported inside and outside of the assessment areas)

- 2022: 1,428 loans totaling $269,955,000
- 2023: 980 loans totaling $97,186,000
- 2024: 880 loans totaling $84,679,000

Small Farm Loans (Total loans reported inside and outside of the assessment areas)

- 2022: 155 loans totaling $27,058,000
- 2023: 219 loans totaling $34,403,000
- 2024: 145 loans totaling $26,582,000

Community Development Loans:

- 2022 – 2024: 151 loans totaling $287,071,000

Examiners analyzed the universe of home mortgage, small business, and small farm loans since it represents a majority of the bank's loans by dollar volume. Since no trends exist between the different years' data that materially affect applicable conclusions or ratings, unless otherwise noted, this evaluation only presents the 2023 data, the most recent calendar years for which corresponding aggregate data exists as of this evaluation date. However, examiners presented all years of loan data since the prior evaluation in the assessment area concentration criterion. Examiners primarily compared the bank's performance to applicable aggregate data when reaching overall conclusions and

ratings although this evaluation also includes 2020 U.S. Census demographic data and 2023 D&B business demographic data.

Examiners considered the universes of loans reviewed by number and dollar volume, as well as management's stated business strategy, to determine the weighting applied to the loan categories reviewed. The lending strategies for the bank remained the same throughout the review period; but overall lending decreased throughout the evaluation period. A primary reason for the decreasing trend is the higher interest rate environment due to national economic changes.

When considering the number and dollar volume of reported loans within the bank's assessment areas, small business loans represent a majority of the loans reviewed by dollar volume. Therefore, small business loans received more weight when arriving at conclusions. However, loan products reviewed vary in each assessment area. Refer to the rated area and assessment area sections for specific products reviewed in each area.

The evaluation also includes a review of the bank's community development loans, qualified investments, and services for the period since the previous CRA evaluation dated December 21, 2021, to December 31, 2024. Qualified investments included new investments, donations, and grants, as well as the book value of prior period investments that remained outstanding as of December 31, 2024.

Furthermore, the evaluation also includes a review of delivery systems for providing retail banking services, including branches and alternative delivery systems, as well as the impact of branch openings and closings during the evaluation period. This evaluation includes only full-service branches in the tables and narrative throughout this report unless otherwise stated. Examiners also reviewed retail banking products and services targeted to low- and moderate-income individuals or small businesses and farms tailored to meet specific needs within the assessment areas.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

PBTC demonstrated a high satisfactory record regarding the Lending Test. Although conclusions regarding the institution's overall Lending Test performance proved consistent with the Memphis Multistate MSA rated area, performance in the State of Mississippi is above the institution's overall performance and performance in the State of Louisiana fell below the institution's overall performance.

Lending Activity

Lending levels reflect excellent responsiveness to the credit needs of the assessment areas. Examiners considered the bank's size, business strategy, and capacity relative to assessment area credit needs when arriving at this conclusion. See the review of each assessment area for specific information relating to lending activity conclusions.

Assessment Area Concentration

The institution originated a high percentage of loans inside its assessment areas for the institution as a whole. High percentages of home mortgage, small business, and small farm loans originated in the assessment areas support this conclusion. Examiners considered the bank's asset size and office structure as well as the loan categories reviewed relative to the areas' combined size and economy when arriving at this conclusion.

Home Mortgage Loans

The institution originated an adequate percentage of home mortgage loans inside its assessment areas. The following table shows that, for home mortgage loans the percentage of the number demonstrated a high percentage of loans, and the percentage of the dollar volume demonstrated an adequate percentage of loans. Considering both number and dollar amounts, the bank originated an adequate percentage inside its assessment areas.

Small Business Loans

The institution originated a high percentage of small business loans inside its assessment areas. The following table shows that, for small business loans the percentage of the number demonstrated a high percentage of loans, and the percentage of the dollar volume demonstrated an adequate percentage of loans. Considering both number and dollar amount, the bank originated a high percentage inside its assessment areas.

Small Farm Loans

The institution originated a substantial majority of small farm loans inside its assessment areas. The following table shows that, for small farm loans by both measures, the percentages of the number and dollar volume, the bank originated a substantial majority inside its assessment areas.

Geographic Distribution

The geographic distribution of loans reflects good penetration throughout the assessment areas. The excellent penetration in the Memphis Multistate MSA and adequate penetration in Mississippi support this conclusion. In the State of Louisiana, the bank's performance is below the institution's overall level, but did not hamper the overall rating as performance in this state received less weight in drawing conclusions. Examiners focused on the percentage of loans, by number, in low- and moderate-income census tracts when arriving at conclusions. Examiners reviewed only those loans extended within the assessment areas to perform this analysis. Refer to the rated areas and individual assessment area sections for a detailed discussion of the geographic distribution of home mortgage, small business, and small farm loans.

Borrower Profile

The distribution of borrowers reflects good penetration among home mortgage customers of different income levels and businesses and farms of different sizes. Excellent performance in Mississippi and the adequate performance in the Memphis Multistate MSA support this conclusion. In the State of Louisiana, the bank's performance is below the institution's overall level, but did not hamper the overall rating as performance in this State received less weight in drawing conclusions. Examiners

focused on the percentage of loans, by number, to low- and moderate-income individuals and to businesses and farms with gross annual revenue levels of $1 million or less when arriving at conclusions. This factor only considered loans originated inside the bank's assessment areas. Refer to the rated areas and individual assessment area sections for a detailed discussion of the bank's borrower profile performance for home mortgage, small business, and small farm loans.

Innovative or Flexible Lending Practices

PBTC uses innovative and/or flexible lending practices to serve the credit needs of its assessment areas. The bank offers these lending programs throughout its assessment areas. Since the prior evaluation, the bank originated 1,805 innovative or flexible loans totaling $39.6 million. This dollar figure equates to 2.1 percent of average total assets of $1.9 billion and 3.6 percent of average net loans of $1.1 billion since the prior evaluation.

As the table illustrates, a portion of the bank's flexible lending products consist of various small-dollar loan (SDL) programs. PBTC also offers Fresh Start Program for consumer SDLs with loan amounts ranging from $115 to $3,700. The bank offers SDLs (also known as microloans) and lines of credits to new and existing small business and farm customers ranging from $1,000-$50,000. These loans are responsive to a critical need for affordable, responsible small dollar loans as an alternative to the numerous payday lenders, particularly in low- and moderate-income areas in the bank's assessment areas.

The bank partnered with a local organization to offer the Credit Up program tied with the bank's BankOn Program through its Opportunity Checking and required financial education courses. This program assists low- and moderate-income people with lower credit scores that need a deposit account and assistance with rebuilding credit through a second chance small-dollar loan.

PBTC offers various small business and farm financing through Small Business Administration (SBA) programs with flexible features to help small businesses and farms obtain financing that they may not have otherwise been eligible through normal lending channels.

Lastly, in August 2024, the bank implemented a rural home mortgage program through USDA, with flexible lending criteria to make these loans more affordable to individuals with low- and moderate-incomes.

The following table shows the loan activity attributed to the bank's programs with flexible lending features by rated area.

Innovative or Flexible Lending Programs Institution

Source: Bank data (1/1/2022-12/31/2024)										

In addition, the bank offered payment deferment options to its home mortgage customers on monthly payments during the evaluation.

PBTC is a member of the Federal Home Loan Bank (FHLB) of Dallas affordable housing program, whereby the bank has assisted in awarding Special Needs Assistance Program (SNAP) grant funds for the repair and rehabilitation of owner-occupied housing of eligible LMI homeowners and special needs individuals. Households must be located within the FHLB Dallas District of Arkansas, Louisiana, Mississippi, New Mexico and Texas. In 2025, FHLB Dallas set aside $2.0 million of its Affordable Housing Program funds for SNAP grants.

Community Development Loans

PBTC is a leader in making community development loans. The dollar volume of community development loans primarily supports this conclusion. The bank's performance proved consistent in the Mississippi rated area. In the Memphis Multistate MSA and Louisiana rated areas, the bank's performance falls below the institution's overall level.

The following table shows that the bank originated 151 community development loans totaling approximately $287.1 million during the evaluation period. The institution's level of community

development loans equates to 14.4 percent of total assets of $2.0 billion and 22.9 percent of net loans of $1.3 billion.

Furthermore, the community development loans prove responsive to the credit needs of the bank's assessment areas. As shown in the following table, a majority of the community development loans, by dollar volume, addressed revitalization and stabilization efforts and economic development projects throughout the assessment areas. These represent identified community development needs in the bank's assessment areas. Additionally, the bank was responsive to community service needs and affordable housing needs for low- and moderate-income individuals.

INVESTMENT TEST

The institution demonstrated a high satisfactory record regarding the Investment Test. The bank's performance in Louisiana and Mississippi rated areas prove consistent with this overall conclusion, while performance in the Memphis Multistate MSA rated area trailed overall performance.

Investment and Grant Activity

The institution has a significant level of qualified community development investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors. As noted in the following table, the bank made 184 qualified investments and donations totaling nearly $24.7 million. The total dollar amount equates to 1.2 percent of total assets of $2.0 billion since the previous evaluation and 4.4 percent of total securities of $557.1 million for the same time period.

The following table summarizes the bank's qualified investments, donations, and grants by rated area and purpose. Refer to the rated area sections and individual assessment area sections for details and notable examples of community development investment activities in those areas.

Source: Bank Data										

Responsiveness to Credit and Community Development Needs

PBTC exhibits good responsiveness to credit and community development needs, with community development activities across each of the four community development purposes. See additional comments in the rated areas sections.

Community Development Initiatives

PBTC rarely uses innovative and/or complex investments to support community development initiatives. Performance in the State of Mississippi primarily supports this conclusion.

SERVICE TEST

PBTC demonstrated a high satisfactory record regarding the Service Test. The bank's performance in the Memphis Multistate MSA and Mississippi rated areas proved consistent with this overall conclusion, while performance in the Louisiana rated area trailed overall performance.

Accessibility of Delivery Systems

Delivery systems are accessible to essentially all portions of the bank's assessment areas. Accessible branch distribution and reasonably accessible alternative delivery systems to low- and moderate-income individuals and geographies supports this conclusion.

The following table shows that the bank operates two branches in low- and five branches in moderate-income census tracts. At the prior evaluation, the bank operated one branch in low- and seven branches in moderate-income census tracts. The difference is due to changes in the census tract income designations resulting from the 2020 U.S. Census.

Branch and ATM Distribution by Geography Income Level Institution												
Tract Income Level	**Census Tracts**		**Population**		**Branches**		**ATMs/ITMs**		**Open Branches**		**Closed Branches**	
	#	**%**	**#**	**%**	**#**	**%**	**#**	**%**	**#**	**%**	**#**	**%**

Source: 2020 U.S. Census & Bank Data *Due to rounding, totals may not equal 100.0 percent*												

The bank also makes alternative delivery systems reasonably accessible to all portions of the assessment areas. Reasonably accessible ATMs and alternative delivery systems to low- and moderate-income individuals support this conclusion. Of the 19 ATMs, 4 are ITMs capable. These ATMs allow customers to use the machine as a traditional ATM or talk to a live teller via video monitor. The ATM Lives are accessible Monday – Friday from 9:00 a.m. to 4:00 p.m. or 9:00 a.m. to 5:00 p.m., extending the customer's ability to speak with a bank employee. ITM capabilities include deposit services and loan payments. Outside of these hours, the ATM functions as a traditional ATM.

Alternative delivery systems offered institution-wide include remote access to digital banking services at any location anytime:

- Accessibility to open personal and business deposit accounts online
- Accessibility to submit mortgage loan applications online
- Accessibility to view and perform bank transactions through electronic devices by online banking, mobile banking application, mobile deposit, secure online loan payments, and digital wallets.
- Accessibility to toll-free telephone banking.
- Accessibility for customer communication of non-confidential information by messaging through email.

Alternative delivery systems offered institution-wide include translation and interpretation services to all individuals that come into the bank.

- The service provides translations in over 240 different languages with a live person (via video calls or phone). It also offers sign language for deaf individuals. The service will also translate the documents into a specific language to assist the customer in understanding bank documentation.

As of the CRA evaluation date, applicants do not have a self-service option to submit non-mortgage consumer loan applications through the Internet as offered by other financial institutions. This would allow applicants to submit non-mortgage consumer loan applications remotely outside of hours the branches are open or when branches are closed due to unexpected national emergencies or other causes. Applicants also do not have accessibility to confirm eligibility for a loan by checking loan rates before the applicants submits a complete formal application, such as by a soft credit check. The accessibility

for applicants to check loan rates before applying allows applicants to comparison shop lenders without it impacting their credit scores.

Given the variety of alternative delivery systems offered, the current CRA evaluation found the overall conclusion for alternative delivery systems to be reasonably accessible; however, alternative delivery systems are rapidly evolving with technology changes and increasing demand for remote banking services through electronic devices, presenting opportunities to expand current alternative delivery systems.

In May 2024, the bank started offering an affordable and safe consumer deposit account product as a participant in the certified Bank-On program to encourage individuals that are unbanked or underbanked to become bank customers. Product features for the Bank-On deposit account include:

- No income restriction to qualify.
- A consumer can open this account with as little as $25 and a $5 monthly service charge.
- The account is available by online application on the bank's website.

The bank also offers another affordable and safe consumer deposit account with a minimum opening balance of $25 and no monthly fee with a monthly e-statement.

Changes in Branch Locations

To the extent changes have been made, the institution's opening and closing of branches has generally not adversely affected the accessibility of its delivery systems, particularly for low- and moderate-income geographies and/or individuals. Since the previous evaluation, the bank opened one branch in an upper-income census tract in the New Orleans MSA AA.

Reasonableness of Business Hours and Services

Services (including where appropriate, business hours) do not vary in a way that inconveniences portions of the assessment areas, particularly low- and moderate-income geographies and/or individuals.

Branch lobby and drive-through hours are generally at least Monday through Friday from 9:00 a.m. to 4:00 p.m. Additionally, the bank maintains three ITMs located in the Memphis Multistate MSA rated area, and the State of Louisiana which provide deposit and loan payment services Monday through Friday from at least 9:00 a.m. to 4:00 p.m. Most of the bank's branches except for Mississippi generally have the same product offerings and services, and branch locations have similar hours that vary slightly based on the areas' needs.

In Mississippi, of the 16 branches, 2 of which do not offer new account deposit services and 6 of which do not offer loan services; however, PBTC operates other branches offering these services in the same counties. The only exception is Humphreys County where PBTC's sole branch does not offer loan services. As an alternative, Humphreys County residents can submit an online loan application through an electronic device.

Community Development Services

PBTC is a leader in providing community development services. The number of services, qualitative aspects of community development services, and responsiveness to available opportunities support this conclusion.

The bank's directors, officers, and employees provided 313 instances of community development services since the previous evaluation. The activities focused largely on community services, which demonstrate responsiveness to identified needs in the rated areas.

- The qualitative aspects of community development services are considered during this evaluation: Leadership is evident through Board or committee participation in a number of those activities.
- A significant number of financial education events comprise a series of individual taught modules or lessons based on certified financial education program curriculum, such as the FDIC's Money Smart.
- PBTC advertises in-house financial education courses taught by bank staff to promote awareness in the community. The in-house "Credit Up Program" course focuses on bringing the unbanked into the banking system with an overview of applying for an affordable, small dollar loan to build positive credit history or opening a deposit account at a bank.

The following tables details community development services by rated area, purpose and year.

Community Development Services by Rated Area Institution

The bank's community development service at the nationwide level is noted as follows:

- ***Economic Development*** – A bank employee is a board member for a national organization with a mission to support CDFIs that promote economic development in the local communities they serve through small business financing and technical assistance.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

MEMPHIS MULTISTATE MSA – Full-Scope Review

CRA RATING FOR THE MEMPHIS MULTISTATE MSA: Satisfactory

The Lending Test is rated: High Satisfactory
The Investment Test is rated: Needs to Improve
The Service Test is rated: High Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN THE MEMPHIS MULTISTATE MSA

The Memphis Multistate MSA encompasses the entirety of three contiguous counties in two states. The designated assessment area includes counties of Desoto and Tunica located in the northwestern portion of Mississippi, and Shelby County located on the southwestern tip of Tennessee. The bank operates four full-service branches, two ATMs, and two ITMs in this area.

The Federal Emergency Management Agency (FEMA) declared Shelby County as a major disaster area due to severe storms and straight-line winds on August 17, 2023, and September 4, 2023. FEMA also designated Shelby County as a major disaster area on March 11, 2022 and March 8, 2023 due to severe winter storms.

Economic and Demographic Data

The assessment area's census tracts reflect the following income designations based on 2020 U.S. Census data: 51 low-, 80 moderate-, 60 middle-, 90 upper-income, and 13 census tracts with no income designation. The following table notes certain demographic data for the area.

Demographic Information of the Assessment Area Memphis MSA AA						
Demographic Characteristics	**#**	**Low % of #**	**Moderate % of #**	**Middle % of #**	**Upper % of #**	**NA* % of #**

The following table notes annual unemployment rates over the evaluation period for the Memphis MSA AA, States of Mississippi and Tennessee, and national averages. Unemployment rates for Desoto County were generally lower than the overall State of Mississippi and national average during the evaluation period; however, Tunica County rates tended to exceed the state and national average rates. In Shelby County, unemployment rates exceeded both the State of Tennessee and national average rates throughout the period.

Unemployment Rates			
Area	**December 2022**	**December 2023**	**December 2024**

2024 ($83,000)	<$41,500	$41,500 to <$66,400	$66,400 to <$99,600	≥$99,600
Source: FFIEC				

Competition

The assessment area is a moderately competitive market for financial services. According to the FDIC Deposit Market Share Report as of June 30, 2024, 38 financial institutions operate 267 offices within the assessment area. Of these institutions, PBTC ranked 21st with a 0.9 percent deposit market share. The top two institutions comprising 48.9 percent of the market share.

Community Contacts

As part of the evaluation process, examiners contact a third party active in the assessment area to assist in identifying the credit needs. This information helps determine local financial institutions' responsiveness to those needs and show available credit opportunities. For this evaluation, examiners referenced two previous contacts with individuals involved in economic development to help assess the area's current economic conditions, community credit needs, and potential opportunities for bank involvement.

The first contact familiar with Desoto County indicated that current economic conditions in the area remain stable. The contact stated that the area benefits from being a tristate area with an interstate connecting the adjoining states. The contact noted a significant need in the area is affordable housing for low- and moderate-income individuals because of the growing number of young professionals and entry level job seekers that cannot afford new builds in the area. Additionally, there is a need for additional resources to aid in growing the area's infrastructure due to the amount of traffic and growing population.

The second contact familiar with Tunica County indicated that the economy is on a downward trend due to the decline in gaming and tourism attraction. The contact stated that the area has a good infrastructure, but there is a need for affordable housing. However, developers and investors find financing challenging. The contact also stated the greatest need in the area is small business lending; however, small businesses struggle to secure additional capital due to lack of revenue history. Additionally, the contact stated that many institutions in the area offer first-time homebuyer assistance and are engaged in the community.

Credit and Community Development Needs and Opportunities

Considering information from the community contacts, bank management, and demographic and economic data, examiners determined that home mortgage loans, small business loans, and small dollar loans represent primary credit needs of the assessment area.

In addition, demographic data shows that 39.2 percent of the area's families reported low or moderate incomes. This suggests there is a need for activities that benefit projects or organizations that provide community development services targeted to these families, including financial education. In addition, 44.5 percent of the areas' census tracts received low-or moderate-income designations suggesting a need for activities that revitalize or stabilize qualifying geographies. The higher percentage of small businesses with revenues of $1.0 million or less supports the continued need for economic development. Furthermore, all the designated major disaster declarations in Shelby County reflect a need for revitalization or stabilization in this area. Lastly, based on community contact information, examiners determined that affordable housing is a primary community development need in this area. Considering these factors, the assessment area presents multiple opportunities for the bank to engage in community development activities.

SCOPE OF EVALUATION – MEMPHIS MULTISTATE MSA

Examiners applied full-scope procedures to the Memphis MSA AA since this is the bank's only assessment area in this rated area. Consequently, the results of the Memphis MSA AA reflect the overall conclusions and ratings for the Memphis Multistate MSA. Examiners considered the following loans granted inside the bank's Memphis MSA AA as reported according to either the HMDA or CRA data collection reporting requirements:

Home Mortgage Loans

- 2022: 60 loans totaling $23,241,653
- 2023: 49 loans totaling $7,104,000
- 2024: 52 loans totaling $12,270,299

Small Business Loans

- 2022: 342 loans totaling $113,166,000
- 2023: 238 loans totaling $27,872,000
- 2024: 161 loans totaling $22,215,000

Small Farm Loans

- 2022: 0 loans totaling $0
- 2023: 1 loan totaling $172,000
- 2024: 2 loans totaling $187,000

Examiners reviewed small business and home mortgage loans for the Memphis MSA AA. Examiners did not evaluate small farm loans in this area due to minimal volume and the bank does not consider this as a major loan product for this area. Small business loans represented the greatest volume of

lending in the Memphis MSA AA considering both number and dollar volume during the evaluation period. Therefore, when analyzing performance, small business lending received the most weight.

The data considered for the Investment and Service Tests remains the same for this rated area as it did for the institution. Please refer to the institution-level Scope of Examination section.

CONCLUSIONS ON PERFORMANCE CRITERIA IN MEMPHIS MULTISTATE MSA

LENDING TEST

The bank demonstrated a high satisfactory record in the Memphis Multistate MSA regarding the Lending Test. Good responsiveness regarding lending activity, a low level of community development loans, and limited use of innovative and flexible lending coupled with an excellent record regarding geographic distribution and adequate performance regarding borrower profile in this rated area support the overall conclusion.

Lending Activity

Lending levels reflect good responsiveness to assessment area credit needs. Good performance regarding small business and home mortgage lending support this conclusion.

Small Business Loans

The level of small business lending activity reflects a good record in the Memphis MSA AA. In 2023, the bank originated or purchased 238 reportable small business loans, totaling $27.9 million. The bank captured a 1.1 percent market share by total number volume and 3.1 percent market share by total dollar of loans. The bank ranked 15th out of 127 lenders that reported 22,101 small business loan originations and purchases, which lands the bank in the top 11.8 percent of lenders reporting such loans in this rated area.

Home Mortgage Loans

The level of home mortgage lending activity reflects a good record in the Memphis MSA AA. In 2023, the bank originated or purchased 49 reportable home mortgage loans, totaling $7.1 million. The bank captured a 0.3 percent market share by total number volume and 0.2 percent market share by total dollar of loans. The bank ranked 75th out of 519 lenders that reported 22,512 home mortgage loan originations and purchases, which lands the bank in the top 14.5 percent of lenders reporting such loans in this rated area.

Geographic Distribution

The geographic distribution of loans reflects excellent penetration throughout the assessment area. As previously noted, small business lending received more weight in drawing conclusions; therefore, the excellent performance regarding small business lending outweighs the good performance regarding home mortgage loans to support this conclusion.

Small Business Loans

The geographic distribution of small business loans reflects excellent penetration in the Memphis MSA AA. As shown in the following table, the bank's level of lending in low-income tracts slightly trails aggregate performance by 2.2 percent, reflecting adequate performance. PBTC's level of lending in moderate-income tracts more than doubles the aggregate lending by 26.4 percentage points, reflecting excellent performance. Examiners placed more weight on performance in the moderate-income census tracts since there is a higher aggregate performance level in these census tracts, reflecting greater loan demand.

Geographic Distribution of Small Business Loans Memphis MSA AA						
Tract Income Level	**% of Businesses**	**Aggregate Performance % of #**	**#**	**%**	**$(000s)**	**%**

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects good penetration in the Memphis MSA AA. As shown in the following table, the bank's level of lending in low-income tracts falls slightly below aggregate lending by 1.6 percentage points, reflecting adequate performance. In moderate-income tracts the bank's level of lending significantly exceeded aggregate data by 15.8 percentage points supporting excellent performance. Examiners placed more weight on the conclusion for moderate-income census tracts since there is a higher aggregate performance level and greater percent of owner-occupied housing units, reflecting greater loan demand.

Geographic Distribution of Home Mortgage Loans Memphis MSA AA						
Tract Income Level	**% of Owner-Occupied Housing Units**	**Aggregate Performance % of #**	**#**	**%**	**$(000s)**	**%**

Borrower Profile

The distribution of borrowers reflects adequate penetration among businesses of different sizes and individuals of different income levels in the Memphis MSA AA. The good performance regarding small business loans outweighed the poor performance regarding home mortgage loans to support this conclusion.

Small Business Loans

The distribution of small business loans reflects good penetration among businesses of different sizes in the Memphis MSA AA. As seen in the following table, the bank's level of lending to small businesses with gross annual revenues of $1 million or less exceeds aggregate data by 9.3 percentage points, reflecting good penetration.

Distribution of Small Business Loans by Gross Annual Revenue Category
Memphis MSA AA

Gross Revenue Level	% of Businesses	Aggregate Performance % of #	#	%	$(000s)	%
<=$1,000,000	90.3	49.1	139	58.4	13,916	49.9
>$1,000,000	2.8	--	95	39.9	13,520	48.5

Home Mortgage Loans

The distribution of home mortgage loans to individuals of different income levels, including low- and moderate-income borrowers within the Memphis MSA AA reflects poor penetration. As seen in the following table, the bank's level of lending to low-income borrowers is consistent with aggregate data, reflecting adequate penetration. The table shows the bank did not originate any loans to moderate-income borrowers as compared to aggregate at 14.1 percent, demonstrating very poor penetration. However, examiners noted 13.1 percent of families in the assessment area fall below the poverty level and notably greater challenges exist for these families when trying to qualify for home mortgage loans, typically higher dollar volume and longer-term loans.

Examiners also noted the disparities in the borrower income not available category between aggregate data and the bank's data does make the comparison between the two less meaningful. Nonetheless, the bank's low volume of lending to low- and moderate-income borrowers is reflective of overall poor performance.

Distribution of Home Mortgage Loans by Borrower Income Level Memphis MSA AA						
Borrower Income Level	**% of Families**	**Aggregate Performance % of #**	**#**	**%**	**$(000s)**	**%**

Innovative or Flexible Lending Practices

The institution makes limited use of innovative or flexible lending practices in the Memphis MSA AA. The number and dollar volume of innovative loan products and flexible lending practices support this conclusion. Examiners considered the dollar volume relative to the institution's capacity and the credit needs of its assessment areas when arriving at this conclusion. The appendices lists the criteria considered under this performance factor.

The table below shows that, since the previous evaluation, the bank originated 251 innovative or flexible loans totaling $7.4 million in the Memphis MSA AA. This dollar figure equates to 18.7 percent of the bank's total innovative or flexible loans. Given the bank's capacity and the needs in the rated area, the level of innovative and flexible loans reflects adequate responsiveness to the credit needs of the Memphis MSA AA.

Community Development Loans

PBTC has a low level of community development loans in the Memphis MSA AA, considering the size and scope of the bank's operations in the rated area. The bank originated 13 community development loans totaling $34.8 million in the Memphis MSA AA. This level equates to 12.1 percent of the bank's total community development loans, by dollar volume, compared to the 34.6 percent of lending located in Memphis MSA AA. The majority of loans promoted economic development and helped revitalize and stabilize the assessment area, which examiners consider responsive to the community development needs in the assessment area especially considering the demographic composition of the area. The

level of community development lending increased since the previous evaluation where the bank granted 4 loans totaling $4.3 million in this area.

The following are notable examples of community development loans originated in the Memphis MSA AA:

- ***Affordable Housing –*** In 2024, PBTC originated a loan for $400,000 to finance a multifamily apartment complex with rents targeted to low- and moderate-income individuals and families in the area.

- ***Economic Development*** – In 2022, PBTC originated a loan totaling $7.5 million to renovate a hotel acquired by a different hotel chain. The hotel is a small business according to SBA standards by industry, retaining 20 jobs for low- and moderate-income employees.

INVESTMENT TEST

PBTC demonstrated a needs to improve in the Memphis Multistate MSA regarding the Investment Test. A poor level of qualified investments outweighed adequate responsiveness to community development needs and the occasional use of innovative and complex qualified investments to support this conclusion.

Investment and Grant Activity

The bank has a poor level of qualified community development investments and grants, but not in a leadership position, particularly those that are not routinely provided by private investors in the Memphis MSA AA. As reflected in the Qualified Investments by Rated Area table for the bank as a whole, PBTC made 16 qualified investments totaling approximately $1.3 million in the Memphis MSA AA. By dollar volume this equates to 5.4 percent of the bank's total qualified investments compared to 18.1 percent of total deposits in the rated area. The current level reflects a slight incline by number and decline by dollar volume from the 12 qualified investments totaling $1.7 million in this area at the prior evaluation. The following lists a notable example of a qualified investment in the Memphis MSA AA:

- ***Affordable Housing*** – The bank made an investment totaling $1.0 million to improve a multi-family complex located in a low-income tract that target rents to low- and moderate-

income individuals. This financing includes low-income housing tax credits, which require specialized expertise in structuring these types of complex investments.

Responsiveness to Credit and Community Development Needs

PBTC exhibits adequate responsiveness to credit and community development needs through the use of investments that directly address several identified needs in its Memphis MSA AA. The qualified investment table for the Memphis Multistate MSA rated area shows responsiveness in the Memphis MSA AA by the dollar amount in all four community development purpose categories.

Community Development Initiatives

PBTC occasionally uses innovative and/or complex investments to support community development initiatives in the Memphis Multistate MSA rated area.

SERVICE TEST

PBTC demonstrated a high satisfactory record in the Memphis Multistate MSA regarding the Service Test. The leadership level regarding the bank's community development services and the accessibility of its delivery systems primarily supports this conclusion.

Accessibility of Delivery Systems

Delivery systems are accessible to essentially all portions of the Memphis MSA AA. Accessible branch distribution and reasonably accessible alternative delivery systems to low- and moderate-income individuals and geographies support this conclusion. The following table shows that the bank operates one branch and one ATM in moderate-income census tracts. Other alternative delivery systems offered in the assessment area are consistent with the systems offered at the institution level as discussed previously.

Branch and ATM Distribution by Geography Income Level
Memphis MSA AA

Tract Income Level	Census Tracts		Population		Branches		ATMs/ITMs	
	#	%	#	%	#	%	#	%

Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches in the Memphis MSA AA has generally not adversely affected low- and moderate-income geographies

and/or to low- and moderate-income individuals. No branches opened or closed within this assessment area since the prior evaluation.

Reasonableness of Business Hours and Services

Services (including where appropriate, business hours) do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies or individuals. This performance is consistent with the discussion presented at the institution level.

Branch and drive-through hours are open at least from Monday through Friday 9:00 a.m. to 4:00 p.m. Two ITMs provide deposit and loan payment services Monday through Friday from 9:00 a.m. to 5:00 p.m. at branch locations with these machines.

Community Development Services

The institution is a leader in providing community development services in the Memphis MSA AA. The number of community development services, qualitative aspects of community development services, and responsiveness of community development needs support this conclusion.

The following table shows that the bank provided 71 community development services since the previous evaluation in the Memphis MSA AA. This level of activity is a significant increase from the prior evaluation when the bank received credit for 23 community development services. In addition to the number of services, the responsiveness to community credit needs across each of the four community development categories further supports performance.

Examiners considered the qualitative aspects of community development services in the Memphis MSA AA during this evaluation. Leadership is evident through Board or committee participation in a number of those activities. A significant number of financial education events comprise a series of individual taught modules or lessons based on certified financial education program curriculum, such as the FDIC's Money Smart.

The following lists notable examples of community development services in the Memphis MSA AA:

- ***Community Services*** – A bank employee taught a budgeting and savings class at a nonprofit organization with a mission to provide community services targeted to low- and moderate-

income individuals through a homeless program. Many of the organization's activities assist families with basic needs, such as shelter and essential utility services.

- ***Community Services***– A bank employee served as a Board member of a foundation that supports numerous charities, primarily with a mission to fund financial education targeting low- and moderate-income individuals.

LOUISIANA

CRA RATING FOR LOUISIANA: Satisfactory

The Lending Test is rated: Low Satisfactory
The Investment Test is rated: High Satisfactory
The Service Test is rated: Low Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN LOUISIANA

PBTC designated New Orleans MSA AA consisting of Orleans Parish as the only assessment area in Louisiana. The bank operates one full-service branch, and one ITM in Louisiana. Additionally, the bank maintains an LPO outside of the bank's New Orleans MSA AA located in Hammond, Louisiana part of the Hammond MSA. FEMA declared Orleans Parish as a major disaster area on September 16, 2024, due to Hurricane Francine.

Economic and Demographic Data

The assessment area's census tracts reflect the following income designations based on 2020 U.S. Census data: 37 low-, 56 moderate-, 18 middle-, 59 upper-income and 14 census tracts with no income designation. The following table notes certain demographic data for the area.

Demographic Information of the Assessment Area New Orleans MSA AA

2023 ($82,300)	<$41,150	$41,150 to <$65,840	$65,840 to <$98,760	≥$98,760
2024 ($82,700)	<$41,350	$41,350 to <$66,160	$66,160 to <$99,240	≥$99,240
Source: FFIEC				

Competition

The assessment area is a moderately competitive market for financial services. According to the FDIC Deposit Market Share Report as of June 30, 2024, 22 financial institutions operate 82 offices within the assessment area. Of these institutions, PBTC ranked 17th with a 0.2 percent deposit market share.

Credit and Community Development Needs and Opportunities

Considering information from bank management, and demographic and economic data, examiners determined that small business and home mortgage lending reflect the primary credit needs of the assessment area.

Additionally, demographic data showing that 46.1 percent of the area's families reported low- or moderate-incomes. This suggests there is a significant need for activities that benefit projects or organizations that provide community development services targeted to these families, including financial education. In addition, 50.5 percent of the areas' census tracts received low-or moderate-income designations suggesting a need for activities that revitalize or stabilize qualifying geographies. Finally, the FEMA major disaster declaration supports the need for revitalization or stabilization efforts. Considering these factors, the assessment area presents multiple opportunities for the bank to engage in community development activities.

SCOPE OF EVALUATION – LOUISIANA

Examiners applied full-scope procedures to the New Orleans MSA AA since this is the bank's only assessment area in Louisiana. Consequently, the results of the New Orleans MSA AA reflect the overall conclusions and ratings for the State of Louisiana. Examiners considered the following loans granted inside the bank's New Orleans MSA AA as reported according to either the HMDA or CRA data collection reporting requirements.

Home Mortgage Loans

- 2022: 18 loans totaling $13,990,000
- 2023: 15 loans totaling $16,812,902
- 2024: 11 loans totaling $6,694,000

Small Business Loans

- 2022: 37 loans totaling $27,540,000
- 2023: 10 loans totaling $4,537,000
- 2024: 7 loans totaling $1,654,000

Small Farm Loans

- 2022: 0 loans totaling $0
- 2023: 0 loan totaling $0
- 2024: 0 loans totaling $0

Examiners reviewed home mortgage loans for the New Orleans MSA AA. Home mortgage loans represent the greatest volume of lending in the New Orleans MSA AA considering both number and dollar volume during the evaluation period. Examiners did not evaluate small business or small farm loans in this area due to minimal or no volume and the bank does not consider these to be major loan products in this area. The bank's business strategy in this assessment area is larger commercial loans that are not reportable in the HMDA and CRA data, supporting the limited reported loans.

The data considered for the Investment and Service Tests remains the same for this rated area as it did for the institution as a whole. Please refer to the institution-level Scope of Examination section.

CONCLUSIONS ON PERFORMANCE CRITERIA IN LOUISIANA

LENDING TEST

The bank demonstrated a low satisfactory record in Louisiana regarding the Lending Test. Good responsiveness regarding lending activity, limited use of innovative and flexible lending levels, and an adequate level of community development loans, and poor records regarding geographic distribution and borrower profile distribution were component performance factors supporting the overall conclusion.

Lending Activity

Lending levels reflect good responsiveness to assessment area credit needs. Good performance regarding home mortgage lending supports this conclusion.

Home Mortgage Loans

The level of home mortgage lending activity reflects a good record in the New Orleans MSA AA. In 2023, the bank originated or purchased 15 reportable home mortgage loans, totaling $16.8 million. The bank captured a 0.3 percent market share by total number volume and 1.0 percent market share by total dollar of loans. The bank ranked 65th out of 293 lenders that reported 5,475 home mortgage loan originations and purchases, which lands the bank in the top 22.2 percent of lenders reporting such loans in Louisiana.

Geographic Distribution

The geographic distribution of loans reflects poor penetration throughout the assessment area. The poor performance regarding home mortgage lending supports this conclusion.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects poor penetration in the New Orleans MSA AA. As shown in the following table, the bank's level of lending in low-income tracts trails aggregate lending by 5.1 percentage points, reflecting adequate penetration. However, the bank did not originate any loans in moderate-income tracts as compared to aggregate data of 30.0 percent, reflecting very poor performance. Examiners placed more weight on the conclusion for moderate-income tracts since there is a higher aggregate performance level and greater percent of owner-occupied housing units, reflecting greater loan demand. In 2024, the bank originated 11 home mortgage loans with an average loan amount of $608,000, with one origination in a low-income tract and 2 originations in moderate-income tracts. While the number of loans originated in low- and moderate-income tracts increased between 2023 and 2024, the bank's performance still is below demographic data.

Geographic Distribution of Home Mortgage Loans
New Orleans MSA AA

Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	$(000s)	%
Low	12.3	11.8	1	6.7	255	1.5
Moderate	31.8	30.0	0	0.0	0	0.0
Middle	12.7	11.8	2	13.3	1,017	6.0
Upper	40.5	42.9	10	66.7	14,888	88.6
Not Available	2.8	3.4	2	13.3	653	3.9

Due to rounding, totals may not equal 100.0 percent

Borrower Profile

The distribution of borrowers reflects poor penetration among individuals of different income levels and businesses of different sizes in the New Orleans MSA AA. The poor performance regarding home mortgage loans to support this conclusion.

Home Mortgage Loans

The distribution of home mortgage loans to individuals of different income levels, including low- and moderate-income borrowers within the New Orleans MSA AA reflects poor performance. Poor performance is based on the bank not originating any home mortgage loans to low- and moderate-income borrowers. As seen in the following table, the bank's lending to low-income borrowers falls below aggregate by 3.6 percentage points, supporting adequate performance. The table further shows that to moderate-income borrowers, the bank's lending falls below aggregate by 10.1 percentage points, supporting poor performance. Examiners placed more weight on the conclusion for moderate-income borrowers since there is a higher level of aggregate performance. The number of loans to low- and

moderate-income borrowers remained consistent in 2024, where the bank did not originate any of the 11 home mortgage loans to low- or moderate-income borrowers.

The large percentage of the bank's home mortgage loans reflecting income not available results from many of the loans reflecting business-related purposes, thus negating the need to report income levels. The disparity in the income not available category between aggregate data at 28.9 percent and the bank data at 86.7 percent makes any comparison between the two less meaningful. Given this performance context consideration and as previously indicated, examiners placed less weight on the bank's home mortgage lending performance.

Distribution of Home Mortgage Loans by Borrower Income Level
New Orleans MSA AA

Borrower Income Level	% of Families	Aggregate Performance % of #	#	%	$(000s)	%
Low	31.7	3.6	0	0.0	0	0.0

Due to rounding, totals may not equal 100.0 percent

Innovative or Flexible Lending Practices

The institution makes limited use of innovative or flexible lending practices in the New Orleans MSA AA. The number and dollar volume of innovative loan products and flexible lending practices support this conclusion. Examiners considered the dollar volume relative to the institution's capacity and the credit needs of its assessment areas when arriving at this conclusion. The appendices lists the criteria considered under this performance factor.

The table below shows that, since the previous evaluation, the bank originated 8 innovative or flexible loans totaling $559,000 in the New Orleans MSA AA. This dollar figure equates to 1.4 percent of the bank's total innovative or flexible loans. Given the bank's capacity and the needs in the rated area, the level of innovative and flexible loans reflects adequate responsiveness to the credit needs of the New Orleans MSA AA.

Innovative or Flexible Lending Programs

Source: Bank data (1/1/2022-12/31/2024)

Community Development Loans

PTBC has an adequate level of extending community development loans in Louisiana, considering the size and scope of the bank's operations in the state. The bank originated 10 community development loans totaling $24.2 million in the New Orleans MSA AA. This level equates to 8.4 percent of the bank's total community development loans, by dollar volume, compared to the 12.0 percent of lending located in Louisiana.

Source: Bank Data										

The following is a notable example of a community development loan originated in the New Orleans MSA AA:

- ***Economic Development*** – PBTC originated a $2.5 million loan in 2023 and a $3.5 million loan in 2024 to a manufacturing company located in a low-income tract. The loan finances working capital and business expansion. The manufacturing company is a small business according to SBA standards by industry, retaining jobs for 27 low- and moderate-employees.

INVESTMENT TEST

PBTC demonstrated a high satisfactory record in Louisiana regarding the Investment Test. A significant level of qualified community development investments outweighed adequate responsiveness to community development needs and the rare use of innovative and complex qualified investments to support this conclusion.

Investment and Grant Activity

The bank has a significant level of qualified community development investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors in the New Orleans MSA AA. As reflected in the Qualified Investments by Rated Area table for the bank as a whole, PBTC made 5 qualified investments totaling approximately $2.0 million in Louisiana, which benefited its New Orleans MSA AA. By dollar volume this equates to 8.1 percent of the bank's total qualified investments compared to 2.5 percent of total deposits in the rated area. The following lists notable examples of a qualified investments in the New Orleans MSA AA:

- ***Affordable Housing*** – The bank made an investment totaling nearly $2.0 million to improve a multi-family complex that targets rents to low- and moderate-income individuals.

- ***Affordable Housing*** – The bank made a donation for $2,500 to an organization with a mission to create affordable housing for low- and moderate-income individuals, particularly for first time homebuyers.

Responsiveness to Credit and Community Development Needs

PBTC exhibits adequate responsiveness to credit and community development needs through the use of investments that directly address an identified need in the New Orleans MSA AA. The qualified investment table for the State of Louisiana shows responsiveness in the New Orleans MSA AA by the dollar amount in two of the four community development purpose categories.

Community Development Initiatives

PBTC rarely uses innovative and/or complex investments to support community development initiatives in Louisiana.

SERVICE TEST

PBTC demonstrated a low satisfactory record in Louisiana regarding the Service Test. The community development services, accessibility of delivery systems, changes in branch locations, and reasonableness of business hours and services support this conclusion.

Accessibility of Delivery Systems

Delivery systems are accessible to limited portions of the New Orleans MSA AA. Limited accessible branch distribution and reasonably accessible alternative delivery systems to low- and moderate-income individuals and geographies supports this conclusion.

The following table shows the bank maintains no office or ATM locations within low- and moderate-income geographies; however, given the sole branch is located in an urban area, the limited accessibility has a minimal impact on accessibility overall. Although not reflected in the table below, the bank maintains one ATM in a middle-income census tract in Hammond, Louisiana which is outside of the New Orleans MSA AA. Other alternative delivery systems offered in the assessment area are consistent with the systems offered at the institution level as discussed previously.

Changes in Branch Locations

This is a new rated area and assessment area since the prior evaluation. To the extent changes have been made, the institution's record of opening and closing of branches in the New Orleans MSA AA has generally not adversely affected low- and moderate-income geographies and/or to low- and moderate-income individuals. No branch changes occurred in low- and moderate-income census tracts in the New Orleans MSA AA, with the opening of one branch in an upper-income census tract.

Reasonableness of Business Hours and Services

Services (including where appropriate, business hours) do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies or individuals. This performance is consistent with the discussion presented at the institution level.

Branch and drive-through hours are open at least from Monday through Friday 9:00 a.m. to 4:00 p.m. One ITM provides deposit and loan payment services Monday through Friday from 9:00 a.m. to 4:00 p.m. at the location with this machine.

Community Development Services

The institution provides a relatively high level of community development services in the New Orleans MSA AA. The number of community development services and responsiveness of community development needs supports this conclusion. Examiners considered the opening of the sole branch location in this rated area in August 2023; therefore, placing most weight on community development services that the bank provided in 2024. The following table shows that the bank provided five community development services since the previous evaluation in the New Orleans MSA AA. In addition to the number of services, the bank's responsiveness to community credit needs in two of the four community development categories further supports this performance.

Community Development Services New Orleans MSA AA

The following lists notable examples of community development services in the New Orleans MSA AA:

- ***Community Services*** – A bank employee used their financial expertise to teach students financial skills using mock interviews at a school where a majority of students receive free or reduced lunches.

- ***Economic Development*** – A bank employee is a board member of an organization that provides loan funds under the SBA and other government programs to help small businesses in low- and moderate-income areas. These small businesses create or retain jobs for low- and moderate-income individuals.

MISSISSIPPI

CRA RATING FOR MISSISSIPPI: Outstanding

The Lending Test is rated: Outstanding
The Investment Test is rated: High Satisfactory
The Service Test is rated: High Satisfactory

DESCRIPTION OF INSTITUTION'S OPERATIONS IN MISSISSIPPI

PBTC designated one contiguous assessment area in the Mississippi Non-MSA that includes Boliva, Coahoma, Humphreys, LeFlore, Panola, Sunflower, and Washington Counties. The bank operates 16 full-service branches, and 14 ATMs in Mississippi.

FEMA declared Humphreys County as a major disaster area on June 10, 2024, and August 12, 2023, due to severe storms, straight-line winds, tornadoes and flooding. On March 26, 2023, FEMA declared Humphreys, Panola, and Washington counties major disaster areas from severe storms, straight-line winds, and tornadoes.

The FFIEC declared the following counties and census tracts as distressed throughout the evaluation period: Bolivar (9503 and 9505), Coahoma (9502 and 9503), Humphreys (9501), Leflore (9504),

Panola (9501.02, 9502.02, 9503.01, 9504, and 9505.01), and Washington (1, 7.01, 10, 15, 16, 17, 20, and 21). The FFIEC also declared Humphreys County, census tract 9501 underserved throughout the evaluation period.

Economic and Demographic Data

The assessment area's census tracts reflect the following income designations based on 2020 U.S. Census data: 9 low-, 23 moderate-, 22 middle-, 9 upper-income, and 1 census tract with no income designation. The following table notes certain demographic data for the area.

Demographic Information of the Assessment Area
MS Non-MSA AA

Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #

Competition

The assessment area is a moderately competitive market for financial services. The June 30, 2024, FDIC Deposit Market Share Report noted 17 financial institutions operating 88 offices within the assessment area. Of these institutions, PBTC ranked 1st with a 23.0 percent deposit market share.

Community Contact

Examiners reference two existing contacts from the communities, both involved in economic development, to help assess the area's current economic conditions, community credit needs, and potential opportunities for bank involvement.

One contact indicated the economy in Panola County is currently growing. The contact stated the community experienced efforts made to bring jobs and attract more businesses in the area, which has been successful. The contact also stated there are opportunities for financial institutions to provide financial literacy training and homeownership counseling. Additionally, there is a need for development of training for business owners and prospective business owners as well the development to receive mentorship and guidance.

The other contact familiar with Leflore County indicated the primary industries in the area are agricultural and manufacturing. The contact also stated the area remains strong with job opportunities that maintain a declining unemployment rate within the county. Affordable housing is also a need due to the increase in housing costs in recent years.

Credit and Community Development Needs and Opportunities

Considering information from the community contacts, bank management, and demographic and economic data, examiners determined that home mortgage loans, small business loans, and affordable, responsible small dollar loans represent primary credit needs of the assessment area. The bank's MS Non-MSA AA has a significant number of payday lenders offering payday loans at higher cost than other types of small dollar loan financing.

Additionally, demographic data shows that 50.0 percent of the area's families reported low- or moderate-incomes, reflecting a significant need for activities that provide community development services targeted to these families, including financial education. In addition, 50.0 percent of the census tracts in the assessment area received low-or moderate-income designations suggesting a need for activities that revitalize or stabilize qualifying geographies. Furthermore, FEMA declared three major disasters in the assessment area along with 31.3 percent of the census tracts designated as distressed or underserved, increasing the need for activities that revitalize or stabilize qualifying geographies. Lastly, based on community contact information, examiners determined that affordable housing is a primary community development need in this area. Considering these factors, the assessment area presents multiple opportunities for the bank to engage in community development activities.

SCOPE OF EVALUATION – MISSISSIPPI

Examiners applied full-scope procedures to the MS Non-MSA AA since this is the only assessment area in Mississippi. Consequently, the results of the MS Non-MSA AA reflect the overall conclusions and ratings for the State of Mississippi. Examiners considered the following loans granted inside the bank's MS Non-MSA AA as reported according to either the HMDA or CRA data collection reporting requirements:

Home Mortgage Loans

- 2022: 382 loans totaling $30.733,507
- 2023: 355 loans totaling $28,990,980
- 2024: 287 loans totaling $20,811,957

Small Business Loans

- 2022: 820 loans totaling $70,797,000
- 2023: 606 loans totaling $41,103,000
- 2024: 604 loans totaling $44,515,000

Small Farm Loans

- 2022: 143 loans totaling $24,272,000

- 2023: 201 loan totaling $31,956,000
- 2024: 136 loans totaling $24,927,000

Examiners reviewed home mortgage, small business, and small farm loans for the MS Non-MSA AA. Small business loans represent the greatest volume of lending in Mississippi considering both number and dollar volume during the evaluation period. Therefore, when analyzing performance, small business lending received the most weight, followed by home mortgage. Small farm lending received the least weight for this area.

The data considered for the Investment and Service Tests remains the same for this rated area as it did for the institution as a whole. Please refer to the institution-level Scope of Examination section.

CONCLUSIONS ON PERFORMANCE CRITERIA IN MISSISSIPPI

LENDING TEST

The bank demonstrated an outstanding record in Mississippi regarding the Lending Test. Excellent responsiveness to lending activity, extensive use of innovative and flexible lending, and the leadership level regarding the bank's community development loans, along with excellent performance regarding borrower profile and an adequate record for geographic distribution support this conclusion.

Lending Activity

Lending levels reflect excellent responsiveness to assessment area credit needs. Excellent performance regarding small business, home mortgage, and small farm lending support this conclusion.

Small Business Loans
The level of small business lending activity reflects an excellent record in the MS Non-MSA AA. In 2023, the bank originated or purchased 606 reportable small business loans, totaling $41.1 million. The bank captured a 17.7 percent market share by total number volume and 35.0 percent market share by total dollar of loans. The bank ranked second out of 68 lenders that reported 3,427 small business loan originations and purchases, which lands the bank in the top 3.0 percent of lenders reporting such loans in Mississippi.

Home Mortgage Loans
The level of home mortgage lending activity reflects an excellent record in the MS Non-MSA AA. In 2023, the bank originated or purchased 355 reportable home mortgage loans, totaling $29.0 million. The bank captured an 18.3 percent market share by total number volume and 11.7 percent market share by total dollar of loans. The bank ranked first out of 155 lenders that reported 1,940 home mortgage loan originations and purchases, which lands the bank in the top 1.0 percent of lenders reporting such loans in Mississippi.

Small Farm Loans
The level of small farm lending activity reflects an excellent record in the MS Non-MSA AA. In 2023, the bank originated or purchased 201 reportable small farm loans, totaling $32.0 million. The bank

captured a 30.5 percent market share by total number volume and 47.8 percent market share by total dollar of loans. The bank ranked first out of 26 lenders that reported 660 small farm loan originations and purchases, which lands the bank in the top 1.0 percent of lenders reporting such loans in Mississippi.

Geographic Distribution

The geographic distribution of loans reflects adequate penetration throughout the assessment area. Adequate performances for small business, home mortgage, and small farm lending support this conclusion.

Small Business Loans

The geographic distribution of small business loans reflects adequate penetration in the MS Non-MSA AA. As shown in the following table, the bank's level of lending in low-income tracts slightly trails aggregate performance by 3.5 percent, reflecting adequate performance. The bank's level of lending in moderate-income tracts falls below the aggregate lending levels by 5.5 percentage points, also reflecting adequate performance.

Borrower Profile

The distribution of borrowers reflects excellent performance among individuals of different income levels and businesses and farms of different sizes in the MS Non-MSA AA. The excellent performances regarding small business and small farm loans outweighed adequate performance regarding home mortgage loans to support this conclusion.

Small Business Loans

The distribution of small business loans reflects excellent performance among businesses of different sizes in the MS Non-MSA AA. As seen in the following table, the bank's level of lending to small

businesses with gross annual revenues of $1 million or less significantly exceeds aggregate data by 28.7 percentage points, reflecting excellent performance.

Distribution of Small Business Loans by Gross Annual Revenue Category MS Non-MSA AA

Home Mortgage Loans

The distribution of home mortgage loans to individuals of different income levels, including low- and moderate-income borrowers within the MS Non-MSA AA reflects adequate performance. As seen in the following table, the bank's level of lending to low-income borrowers is consistent with aggregate data, reflecting adequate performance. The table further shows that to moderate-income borrowers, the bank's performance exceeded aggregate by 1.0 percentage points, also reflecting adequate performance.

Innovative or Flexible Lending Practices

The institution makes extensive use of innovative or flexible lending practices in the MS Non-MSA. The number and dollar volume of innovative loan products and flexible lending practices support this conclusion. Examiners considered the dollar volume relative to the institution's capacity and the credit needs of its assessment areas when arriving at this conclusion. The appendices lists the criteria considered under this performance factor.

The table below shows that, since the previous evaluation, the bank originated 1,546 innovative or flexible loans totaling $31.6 million in the MS Non-MSA AA. This dollar figure equates to 79.9 percent of the bank's total innovative or flexible loans. Given the bank's capacity and the needs in the rated area, the level of innovative and flexible loans reflects excellent responsiveness to the credit needs of the MS Non-MSA AA.

Community Development Loans

PBTC is a leader in extending community development loans in Mississippi, considering the size and scope of the bank's operations in the state. The bank originated 128 community development loans totaling $228.0 million in the MS Non-MSA AA. This level equates to 79.4 percent of the bank's total community development loans, by dollar volume, compared to the 53.4 percent of lending located in Mississippi. The majority of loans helped revitalize and stabilize the assessment area and promoted economic development, which is considered responsive to the community development needs in the assessment area especially considering the demographic composition of the area.

The following are notable examples of community development loans originated in the MS Non-MSA AA:

- ***Affordable Housing –*** PBTC originated a loan for $100,000 to finance improvements to a multifamily apartment complex with rents, targeting low- and moderate-income individuals and families in the area.

- ***Economic Development*** – PBTC originated a loan totaling $4.5 million to a retail and wholesale farming equipment distribution center. The loan help funds the improvement to existing store floor plans and purchase farm equipment. This business is a small business according to SBA standards by industry, retaining 53 jobs for low- and moderate-income employees.

INVESTMENT TEST

PBTC demonstrated a high satisfactory record in Mississippi regarding the Investment Test. A good level of qualified community development investments and good responsiveness to community development needs outweighed the rare use of complex and innovative qualified investments to support this conclusion.

Investment and Grant Activity

The bank has a significant level of qualified community development investments and grants, occasionally in a leadership position, particularly those that are not routinely provided by private investors in MS Non-MSA AA. As reflected in the Qualified Investments by Rated Area table for the bank as a whole, PBTC made 163 qualified investments totaling approximately $21.4 million in Mississippi, which benefitted its MS Non-MSA AA. By dollar volume this equates to 86.5 percent of the bank's total qualified investments compared to 79.5 percent of total deposits in the rated area. The following lists notable examples of qualified investments in the MS Non-MSA AA:

- ***Revitalize or Stabilize –*** PBTC invested in a nearly $407,000 bond supporting the repair and remodeling of county government buildings and facilities, primarily located in low-, moderate-, and distressed middle-income census tracts. This loan supports attracting and retaining residents and businesses that revitalize low-, moderate-, and distressed middle-income areas.

- ***Revitalize or Stabilize –*** During the review period, the bank made 17 investments totaling over $1.3 million for various infrastructure projects for a county located in the Mississippi Delta with mostly low-, moderate, and distressed middle-income census tracts. This loan supports attracting and retaining residents and businesses that revitalize low-, moderate-, and distressed middle-income areas.

Responsiveness to Credit and Community Development Needs

PBTC exhibits good responsiveness to credit and community development needs in the MS Non-MSA AA. The qualified investment table for the State of Mississippi shows responsiveness in the MS Non-MSA AA by the dollar amount in all four community development purpose categories.

Community Development Initiatives

PBTC rarely uses complex and/or innovative investments to support community development initiatives in Mississippi.

SERVICE TEST

PBTC demonstrated a high satisfactory record in Mississippi regarding the Service Test. The community development services, accessibility of delivery systems, and reasonableness of business hours and services support this conclusion.

Accessibility of Delivery Systems

Delivery systems are accessible to essentially all portions of the MS Non-MSA AA. Accessible branch distribution and reasonably accessible alternative delivery systems to low- and moderate-income individuals and geographies support this conclusion. The following table shows that the bank operates two branches in low-income census tracts and four branches in moderate-income census tracts. Additionally, the bank maintains one ATM located in a low-income census tract and four located in moderate-income census tracts. Other alternative delivery systems offered in the assessment area are consistent with the systems offered at the institution level as discussed previously.

Changes in Branch Locations

To the extent changes have been made, the institution's record of opening and closing of branches in the MS Non-MSA AA has generally not adversely affected low- and moderate-income geographies and/or to low- and moderate-income individuals. No branches opened or closed within this assessment area since the prior evaluation.

Reasonableness of Business Hours and Services

Services (including where appropriate, business hours) do not vary in a way that inconveniences portions of the assessment area, particularly low- and moderate-income geographies or individuals. This performance is consistent with the discussion presented at the institution level.

Branch and drive-through hours are open at least from Monday through Friday 9:00 a.m. to 4:00 p.m. The bank does not maintain any ITMs in this rated area. Additionally, services vary in Humphreys County where PBTC's sole branch does not offer loan services. As an alternative, the bank can take loan requests from Humphreys County residents by phone from a lender at the Indianola, Mississippi office. If the loan officer approves the loan, the bank sends the loan documents to the Humphreys County branch for the applicant to sign.

Given customer demand for digital banking through mobile devices in the financial services industry, these customers prefer the convenience of a self-service option for online loan application submission, including submitting the application outside of hours when bankers are available.

Community Development Services

The institution is a leader in providing community development services in the MS Non-MSA AA. The number of community development services, qualitative aspects of community development services, and responsiveness of community development needs support this conclusion.

The following table shows that the bank provided 236 community development services since the previous evaluation in the MS Non-MSA AA. This level of activity is a slight decrease from the prior evaluation when the bank received credit for 278 community development services. In addition to the number of services, the responsiveness to community credit needs across each of the four community development categories further supports performance.

Examiners considered the qualitative aspects of community development services in the MS Non-MSA AA during this evaluation. Leadership is evident through Board or committee participation in a number of those activities. A significant number of financial education events comprise a series of individual taught modules or lessons based on certified financial education program curriculum, such as the FDIC's Money Smart.

Total	**3**	**213**	**18**	**2**	**236**
Source: Bank Data					

The following lists notable examples of community development services in the MS Non-MSA AA:

- ***Community Services –*** A bank employee provided their financial expertise by delivering a financial literacy class on low-cost checking and savings accounts, credit, and budgeting at an organization serving an area with mostly low- and moderate-income renters. The mission of the organization is to help these renters obtain homeownership and help families rebuild homes after experiencing tornado damage in the FEMA major disaster area in 2023.

- ***Revitalize or Stabilize*** – Various bank employees provided financial coaching and technical assistance to residents of Rolling Fork and Silvery City, Mississippi after the tornado damage in the FEMA major disaster area in 2023 which resulted in many residents being displaced and/or homeless. In addition, employees handed out housing resource packets to residents and businesses in the South Delta School District. These efforts help meet the most urgent community needs in the short term and help stabilize residents and businesses to expediate rebuilding.

APPENDICES

LARGE BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank's business, the FDIC will evaluate the bank's consumer lending in one or more of the following categories: motor vehicle, credit card, other secured, and other unsecured. The bank's lending performance is evaluated pursuant to the following criteria:

1) The number and amount of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, in the bank's assessment area;
2) The geographic distribution of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:
    i. The proportion of the bank's lending in the bank's assessment area(s);
    ii. The dispersion of lending in the bank's assessment areas(s); and
    iii. The number and amount of loans in low-, moderate-, middle- and upper-income geographies in the bank's assessment area(s);
3) The distribution, particularly in the bank's assessment area(s), of the bank's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:
    i. Home mortgage loans low-, moderate-, middle- and upper-income individuals
    ii. Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;
    iii. Small business and small farm loans by loan amount at origination; and
    iv. Consumer loans, if applicable, to low-, moderate-, middle- and upper-income individuals;
4) The bank's community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and
5) The bank's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies.

Investment Test

The Investment Test evaluates the institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank's assessment area(s). Activities considered under the Lending or Service Test may not be considered under the investment test. The bank's investment performance is evaluated pursuant to the following criteria:

1) The dollar amount of qualified investments;
2) The innovativeness or complexity of qualified investments;
3) The responsiveness of qualified investments to available opportunities; and
4) The degree to which qualified investments are not routinely provided by private investors.

Service Test

The Service Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of the bank's systems for delivering retail banking services and the extent and innovativeness of its community development services.

The bank's retail banking services are evaluated pursuant to the following criteria:

1) The current distribution of the bank's branches among low-, moderate-, middle-, and upper income geographies;
2) In the context of its current distribution of the bank's branches, the bank's record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;
3) The availability and effectiveness of alternative systems for delivering retail banking services (*e.g.,* RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

The bank's community development services are evaluated pursuant to the following criteria:

1) The extent to which the bank provides community development services; and 2) The innovativeness and responsiveness of community development services.

SCOPE OF EVALUATION

Planters Bank & Trust Company (Cert. 8235)		
Scope of Examination: Full-scope reviews were performed on the following assessment areas: • Memphis, TN-MS-AR Multistate MSA o Memphis MSA AA • Louisiana o New Orleans MSA AA • Mississippi o MS Non-MSA AA		
Time Period Reviewed:		12/21/2021 – 12/31/2024

SUMMARY OF RATINGS FOR RATED AREAS

Rated Area	Lending Test Rating	Investment Test Rating	Service Test Rating	Overall Rating for Rated Area
Memphis Multistate MSA	High Satisfactory	Needs to Improve	High Satisfactory	Satisfactory
Louisiana	Low Satisfactory	High Satisfactory	Low Satisfactory	Satisfactory
Mississippi	Outstanding	High Satisfactory	High Satisfactory	Outstanding

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five-year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

(1) Support affordable housing for low- and moderate-income individuals;
(2) Target community services toward low- and moderate-income individuals;
(3) Promote economic development by financing small businesses or farms; or
(4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

(1) Has as its primary purpose community development; and
(2) Except in the case of a wholesale or limited purpose bank:
  (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
  (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

(1) Has as its primary purpose community development;
(2) Is related to the provision of financial services; and
(3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

(1) An unemployment rate of at least 1.5 times the national average;
(2) A poverty rate of 20 percent or more; or
(3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (for example, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA):** All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the

Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

PLANTERS BANK CONSUMER LOANS AND HOME EQUITY LOANS

Planters Bank Consumer Loans

Flexible Financing for Your Personal Needs

At Planters Bank, we understand that life comes with a variety of financial needs, and we're here to help you meet them with our comprehensive range of consumer loans. Whether you're looking to consolidate debt, make a major purchase, or cover unexpected expenses, our consumer loans offer competitive rates and flexible terms to fit your unique situation.

Why Choose Planters Bank Consumer Loans?

- **Competitive Interest Rates:** Enjoy affordable financing with our attractive rates.
- **Flexible Repayment Terms:** Work with our lenders to find a repayment plan that suits your budget and timeline.
- **Simple Application Process:** Quick and easy online application with fast approval times.
- **Personalized Service:** Work with our knowledgeable loan officers to find the best loan option for you.

Types of Consumer Loans We Offer

- **Auto Loans**
- **Home Improvement Loans**
- **Personal Line of Credit**
- **Residential Loans**

Section 5: Products and Services

- **Construction Loans**

Planters Bank Home Equity Loans

Turn your home's equity into cash with a Planters Bank Home Equity Loan. Whether you're planning a home renovation, funding a child's education, or consolidating high-interest debt, our home equity loans offer a smart way to achieve your financial goals. With competitive rates and flexible terms, we make it easy to access the funds you need.

Benefits of a Planters Bank Home Equity Loan

- **Competitive Rates:** Take advantage of low interest rates, potentially lower than credit cards or personal loans.
- **Fixed Monthly Payments:** Enjoy the stability of fixed payments throughout the life of the loan.
- **Large Loan Amounts:** Borrow a substantial amount based on your home's equity.
- **Tax Advantages:** Interest on home equity loans may be tax-deductible (consult your tax advisor).

How It Works

- **Determine Your Equity:** Calculate your home's equity by subtracting your mortgage balance from your home's current market value.
- **Apply Online:** Our simple online application process makes it easy to get started.
- **Get Approved:** Once approved, you'll receive a lump sum of cash to use as you see fit.
- **Repay Over Time:** Make fixed monthly payments over a term that works for you.

Uses for a Home Equity Loan

- Home improvements and renovations
- Major life events and expenses
- Debt consolidation
- Education expenses
- Medical bills

MORTGAGE

Planters Bank is proud to announce the launch of our new Mortgage Division, dedicated to providing our customers with exceptional service and competitive mortgage products. Whether you are a first-time homebuyer, looking to refinance, or interested in a second home or investment property, our team of experienced mortgage professionals is here to guide you through the process. With a focus on personalized service and local expertise, we are committed to helping you find the right mortgage solution to fit your needs. Contact us today to learn more about our mortgage products and how we can help you achieve your homeownership goals.

*The earnings credit rate is based on the current Money Market rate. A change will be made against the account during the current month only if the credit allowance is not sufficient to cover the monthly activity charge.

Now Account

Planters Bank's NOW Account combines the convenience of a checking account with the benefits of earning interest on your balance. Designed for businesses who want to maximize their savings while enjoying easy access to their funds, this account offers competitive interest rates, unlimited check writing, and no monthly maintenance fees when minimum balance requirements are met. You can manage your finances anytime, anywhere, with complimentary online and mobile banking. The Planters Bank NOW Account is FDIC-insured, providing peace of mind and security. Open a NOW Account today and start earning more on your checking balance with Planters Bank.

- $500 Minimum Opening Deposit
- $6 Monthly Service Charge
- $1,000 Minimum Balance to Avoid Service Charge
- Unlimited Check Writing
- Interest accrues on daily collected balances of $1,000 or more; interest credited monthly
- Non-profit organizations, government units, incorporated businesses organized for non-profit, and sole proprietorships qualify for NOW accounts.
- Effective 2/28/21, a $3.00 monthly mailed statement fee will be assessed unless your account is changed to e-statements on internet banking.

Non-Profit Checking

At Planters Bank, we understand the unique financial needs of non-profit organizations. Our Non-Profit Checking Account is specifically designed to support your mission. Enjoy easy access to funds, detailed monthly statements, and online banking services that make managing your finances straightforward and

Section 5: Products and Services

efficient. Our dedicated team is here to provide personalized support, ensuring your organization has the resources it needs to focus on making a positive impact in the community. Partner with Planters Bank and let us help your non-profit achieve its goals with a checking account tailored to your needs.

Benefits:

- $50 Minimum Opening Deposit
- $6 Monthly Maintenance Fee
- $0.065 per items deposited
- $0.11 per debit
- Fees for miscellaneous services such as stop payment, return items, wrapped coins, etc.
- An earning credit against the service fee will be calculated on the average collected balance of the account for the statement cycle.*
- Effective 2/28/21, a $3.00 monthly mailed statement fee will be assessed unless your account is changed to e-statements on internet banking.

*The earnings credit rate is based on the current Money Market rate. A charge will be made against the account during the current month only if the credit allowance is not sufficient to cover the monthly activity charge.

- Term Business Loans
- Business Lines of Credit
- Agricultural/Farm Loans
- Commercial Real Estate

Section 5: Products and Services

- Commercial Construction Loans
- Equipment Financing
- Loans to Professional Offices

Get The Equipment You Need And Keep Your Cash.

Your company makes money by using equipment - not owning it. Leasing has become the financing vehicle of choice for business owners who want to preserve working capital, reduce the risk of obsolescence, and take advantage of possible tax benefits.

Conserve Working Capital

- Leasing is the perfect solution for businesses that want to conserve working capital or that plan to expand. When you lease equipment, your working capital is free for other uses, not tied up in a depreciating fixed asset.

Freedom and Flexibility

- Leasing provides greater flexibility than purchasing and can protect you from being locked into owning equipment that may not meet your future needs. With leasing, you can upgrade your equipment at any time during the lease term.

Tax Advantages

- Leasing may offer tax advantages as an operating expense, so it could actually cost your business less in after-tax dollars than an outright purchase. (Please consult your tax advisor).

Why Lease from Planters Bank?

- Traditional leasing companies are only interested in the profit of an individual transaction. We already work together; and because we care about the success of your business, we can offer you customized terms that better suit your business needs.

TREASURY SERVICES

Through our Treasury Services, we will strive to eliminate the guesswork from your routine by managing cash flow and liquidity, coordinating access for multiple users, and monitoring accounts for fraud from virtually anywhere. Whether you're a small business looking for basic cash management solutions or a large corporation needing sophisticated treasury strategies, our dedicated team provides personalized support and innovative solutions tailored to your specific needs.

Our Treasury Services offer:

- **Expertise**: Our team of experienced treasury professionals is dedicated to understanding your unique financial needs and delivering tailored solutions.

Section 5: Products and Services

- **Innovation**: We leverage the latest technology to provide efficient and secure treasury management solutions.
- **Customer Service**: We are committed to providing exceptional customer service and support to help you achieve your financial goals.

Explore our comprehensive Treasury Management solutions and discover how Planters Bank can help your business thrive in today's dynamic financial environment.

Digital Banking

Access your business checking anytime

ACH & Wire Transfer Service

Both Automated Clearing House (ACH) and wire transfers are ways to move money between banks electronically. ACH transfers can be one-time or recurring and can be in the form of a single transaction or a long list of transactions, such as Payroll. ACH transfers are next-day. Wire transfers can be processed same-day and even sent internationally. Both of these services can be accessed through your commercial digital banking account.

Positive Pay

Our all-in-one automated cash-management service acts as a form of insurance against check and ACH transfer fraud, losses and other liabilities. With Planters Positive Pay, you have access to all four of these features!

Positive Pay

Review incoming checks that do not match the issued check file

Payee Match

Verify payee names on paid checks against those on issued check file

ACH Positive Pay

Set criteria for ACH debits before automatically processing

Account Reconciliation

Receive outstanding check list and automate reconciliation

REMOTE DEPOSIT CAPTURE

Deposit checks directly from your desk through a provided desktop scanner to save commute time and streamline the accounts receivable process.

- A Planters Bank Digital Customer Service Representative will call you to walk you through installing the application on your computer.

Merchant Services

Add More Payment Options and Business Solutions with Clover®

Owning a business can be demanding—from tracking inventory and supervising employees to taking orders and everything in between. That's why we've teamed up with Clover®, an all-in-one point-of-sale system that can help transform your business with customized payment processing and business management solutions.

Whether you have one store or a growing franchise, our POS system can help you:

- Accept more types of payments, including EMV® chip cards, Apple Pay®, Google Pay, and Samsung Pay®
- Protect your customers, business, and reputation from fraud with built-in security
- Generate more visits and more sales through mobile loyalty and rewards programs
- Uncover new insights and compare sales against competition within your market
- Manage inventory, employee schedules, payroll, and more
- Clover Point-of-Sale Systems

AUTOBOOKS

Invoicing

Send a professional invoice and get paid — all in the same place.

Customized invoice includes branding

Create a professional-looking invoice with your business logo and colors in just a few minutes. Your financial institution's logo is included at the bottom for added credibility.

Wide range of digital payment options

Let customers easily pay you online with any major credit card (including American Express®), debit card, or via ACH electronic bank transfer.

All payments deposited into checking

Get paid directly into your checking account within two business days — no need to transfer your money from external payment acceptance apps.

Easy invoice automation and tracking

Always know exactly who's paid and who's due. Set up recurring invoices so you can automate your process and automatically add late fees for past due invoices.

Section 5: Products and Services

Secure Payment Link

Share a secure payment link by text, or place it on a web page.

Secure payment form accessed via a unique URL

When you enroll, you're assigned your own unique URL to a secure payment form. This link can be shared by text (SMS) and email, or added to any web page or social media profile.

Detailed payment/donation history readily available

Payments are listed chronologically and you can Filter the list to find specific payments. Generate a spreadsheet if you need it, and export with one click.

Pay now language can be adjusted for non-profits

If you run a church or non-profit, there's no need to alienate members — quickly update verbiage to take donations or contributions instead.

All payments deposited into checking

Get paid directly into your checking account within two business days — no need to transfer your money from external payment acceptance apps.

Checkout Pages

Take your business or non-profit online, get paid directly into your bank account.

Offer single items, quantity purchases, or a packaged offering

Easily setup your Checkout Page to offer a single item or with quantity selection. Add further description to build a package that customers can easily select and purchase.

Clients pay deposits or other fees online

Share a Checkout Page link so that customers can pay a deposit fee before you start the project. Checkout Pages are also great for collecting booking, class, and registration fees.

Streamline the collection of dues, fees, or donations at an event

Direct members to a checkout page to pay dues or fees. Checkout Pages are ideal for events, simplifying and streamlining the donation collection process. All fees and donations are deposited directly into the organization's account at the financial institution, not a payment app.

Collect needed customer information with customization

Require customers to provide a mailing address or other information related to their purchase. Customers receive a purchase receipt, and you receive a payment notification.

Section 5: Products and Services

In-App Payment Acceptance

Take customer payments on the spot or over the phone.

Payment form doubles as an in-app terminal

When you're ready to take a digital payment, just access your payment form inside online or mobile banking, and enter the payment details yourself.

Free standalone mobile app available for Apple or Android

Download the free Autobooks app, via the App Store or Google Play, and access your unique payment form anytime you need to collect a payment.

Transparent processing fees in comparison to non-bank apps

When you're a small business, you need to know exactly what you're paying. Our rates are comparable to popular payment apps, but there are never any hidden fees.

All payments deposited into checking

Get paid directly into your checking account within two business days — no need to transfer your money from external payment acceptance apps.

Payment Acceptance, via QR Code

Display your unique QR code to make it easier for customers to pay.

Reusable QR code is ready to download

Access a reusable QR code inside online or mobile banking. Download and store in your device for easy retrieval, or just print it and display in a prominent location.

Ideal for busy events

QR codes are ideal for in-person events where you plan to meet with multiple customers or donors — farmers' markets, fundraisers, you name it.

For paper and static invoices

If you send PDF invoices and other billing communications to customers, don't forget your Autobooks QR code. It doesn't make a difference if it's a paper or email invoice.

Accounting & Reporting

Add on full financial management functionality when you're ready.

Real-world accounting tools prioritize simplicity

Section 5: Products and Services

Keep track of your business directly inside online banking and mobile banking. Stop having to rely on pen and paper, spreadsheets, or overly complex accounting software.

Automated reporting to keep everything up to date

When you get paid or pay a bill, let Autobooks update your business reports automatically. Also get profit and loss reporting that tracks your income and expenses, balance sheet, and more.

Cash flow management to track incoming and outgoing

Track your account balance right alongside your incoming and outgoing payment information. Includes scheduled payments, coming due, and past due payments.

Business bill pay to keep expenses top of mind

All bills managed in one place: create, track, and schedule. Users can create a list of vendors, then simply set up and schedule payments and track who they've paid and who's coming up.

MOBILE DEPOSIT

Deposit Checks Anytime, Anywhere with Mobile Deposit

At Planters Bank, we understand that your time is valuable. That's why our Mobile Deposit service lets you deposit checks quickly and securely from the convenience of your smartphone. Snap a photo of the check, and with a few taps, your deposit is on its way—no need to visit a branch. It's fast, easy, and available 24/7 through our mobile banking app. Experience the convenience of banking on your schedule with Planters Bank Mobile Deposit.

COMMUNITY REINVESTMENT ACT NOTICE

Under the Federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation (FDIC) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged. You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them; the public section of our most recent CRA Performance Evaluation, prepared by the FDIC; and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of banks that are scheduled for CRA examination in that quarter. This list is available from the;

Regional Manager, Division of Risk Management Supervision
Federal Deposit Insurance Corporation
1601 Bryan Street,
Dallas TX 75201

You may send written comments about our performance in helping to meet community credit needs to:

Paula Gagnier
CRA Officer
Planters Bank & Trust Company
Post Office Box 31
Indianola MS 38751

and FDIC Regional Manager. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be public.

You may ask to look at any comments received by the FDIC Regional Manager. You may also request from the FDIC Regional Manager an announcement for our applications covered by the CRA filed with FDIC. We are an affiliate of Planters Holding Company, a bank holding company. You may request from the Banking Supervision, Federal Reserve Bank of St. Louis, P.O. Box 442, St. Louis, MO, 63166 an announcement of applications covered by the CRA filed by bank holding companies.

The Bank's CRA Disclosure Reports are located here:

Footnote:

10. A validity edit helps to verify the accuracy of the data reported. An institution's CRA submission that passes all validity edits does not ensure 100% accurate data. True accuracy is determined during the examination process.

11. A record represents one row of data reported to the Federal Reserve Board. This does not in any way represent the number of loans originated or purchased by the institution.
